

The great lakes area Annual Collaboration for Entrepreneurship elected Ken Kousky as 'Coach of the Year'.

The 10th annual event featured over 900 guests and 175 companies. Ken was recognized for his mentoring work with students and emerging businesses throughout Michigan. The fruits of his efforts were demonstrated by Kenneth Lang, one of Ken's students, who won first place in the Collegiate competition and a \$1,000 prize for his elevator pitch. His presentation was based on a project he had done in Ken's class two years ago and is now developing into a complete business.

Congratulations to Ken on achieving this honor.
