LEADING IT SECURITY EXPERT**

***IP3 hosted by New Horizons Learning Center for Two-Day  
IT Security Workshop in Atlanta***

**SAGINAW, MI** – The New Horizons Computer Learning Center in Atlanta, known as the MEGA-center, is hosting IP3 Inc., the nation’s leader in information security education and research, on Tuesday and Wednesday, April 13 and 14, for a two-day workshop. *From Strategy to Reality: Managing the Porous Perimeters* will be offered at New Horizons Learning Center, 4053 Lavista Road, Tucker, Georgia, (770) 270-2000.

“We’re excited to host this nationally recognized IT security seminar,” said Gil Wolchock, General Manager of New Horizons Computer Learning Center. “It’s of vital importance to recognize IT security threats and to know the steps to take to counteract them. The workshop presents a fantastic advancement and educational opportunity for local industry executives.”

**NEW HORIZONS HOSTS IP3**

“Presenting this workshop at New Horizons is a tremendous educational opportunity,” agreed IP3 CEO Ken Kousky. “Their 48 room-computer learning center has established a strong presence in Atlanta by providing a wide range of technical courses. Our IT security seminar compliments this facility’s commitment to providing educational programs for the local market.”

IP3’s workshop provides a balance of theory and real-case scenarios of how security systems have been breached and what solutions are out there to prevent it from happening to someone else’s business or other organizations.

*From Strategy to Reality: Managing the Porous Perimeters* explores the latest critical security items such as the NIST Guidelines to help federal agencies fortify their systems, SANS/FBI Top 20 Vulnerabilities and the President’s National Security to Secure Cyberspace. In addition, the workshop addresses the top five IT security challenges identified by corporate security managers: multi-vendor integration, wireless device security, spam, internal theft of intellectual property and Sarbanes-Oxley compliance.
